Join Us!
Membership Information

Join both National Audubon and PVAS

Join the National Audubon Society for a donation of $20 and you will automatically become a member of PVAS when you join via the link on our website. You will receive the award-winning Audubon Magazine and our local newsletter, the Chaparral Naturalist.

Please go to our website and click on the “Join Us” tab. Follow the link to the National Audubon donation page.

Local only memberships are also available. We are a 501(c)3 and donations are tax deductible.

Meetings and Programs

Improve your knowledge of birds and our natural world.

PVAS membership meetings are held the first Thursday of the month (Sept. to June) at the Hughes Community Center in Claremont, CA.

Meetings start promptly at 7:00 p.m. with a bird identification session, light refreshments, announcements, door prizes and an educational program provided by guest speakers on topics ranging from birds of the world to environmental concerns and habitat stewardship.

Meetings are free of charge and open to all.

Please visit our website for directions to our meetings and the schedule of guest speakers.

Pomona Valley Audubon Society
A chapter of the National Audubon Society

Our mission is to promote the protection, appreciation and enjoyment of birds and other wildlife through recreation, education, and conservation.

Serving the Pomona Valley area of Southern California since 1950.

Acorn Woodpecker
our chapter mascot

2058 N. Mills Ave. PMB 426
Claremont, CA 91711

Eyes and Ears on Burrowing Owls - is a project to monitor Burrowing Owls in our area and help protect their nest sites.

North Etiwanda Preserve - semi-annual bird population surveys help San Bernardino County biologist and others make decisions about managing the preserve.

Wild Wings of California - is our local wild bird rehabilitation organization and PVAS provides financial support to help Wild Wings care for sick, orphaned and injured native birds and “keep them flying.” Specializing in birds of prey, Wild Wings releases healthy rehabilitated birds back into the wild.

Bluebird and Tree-Swallow Nest Box Monitoring - promotes the recovery of these cavity nesting species who have lost natural nesting sites due to tree removal and poor trimming practices.

Bird Watching - a unique window to nature

The best way to learn more about birds is to get outdoors with others willing to share their knowledge. Join us on our free guided Bird Walks or Field Trips.

Bird Walks are on the first Sunday of the month at the Rancho Santa Ana Botanic Garden (Sept. – June) and the fourth Sunday of the month at Bonelli Regional Park (Sept. – May.)

Field Trips – PVAS experienced guides lead a variety of field trips (Sept. – June) to areas throughout Southern California. Come birding with us!

Visit our Bird Oasis on the Thompson Creek Trail in Claremont and use our trailside photo guide to ID the birds.

Visit our website for all the details.

How do we advocate for birds?

PVAS works for wild bird preservation through conservation, citizen science and more.

Eyes and Ears on Burrowing Owls - is a project to monitor Burrowing Owls in our area and help protect their nest sites.
